

Tell us what you think about the new health centre

There is a new Centre.

It is called the **National Centre of Excellence in Intellectual Disability Health**.

We will say **Centre** for short.

The Centre is not a building.

It is a group of work places who teamed up.

They work together.

The Centre works all over Australia.

The Centre will make sure people with intellectual disability get better health care.

We have made a plan for the Centre work

We want to know what others think is important for making health care better.

We want to hear their ideas.

How to tell us what you think.

There are 3 ways you can tell us what you think.

You choose 1.

You can do a survey.

It is online.

You can do it at

tinyurl.com/your-ideas

You can talk to us on the phone.

You can be part of a group talk.

Some one you know can help you to do the survey.

It is up to you.

Some one you know can support you to talk to us.

It is up to you.

You can bring some one to the group chat.

It is up to you.

You can call us on
